Title: METHODS FOR ALTERING INSULIN SECRETION

RESPONSE TO RESTRICTION REQUIREMENT

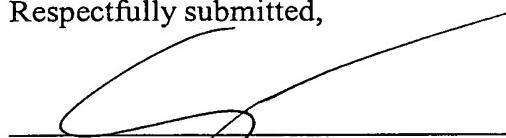

MAIL STOP NON-FEE AMENDMENT
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Restriction Requirement dated August 13, 2007, Applicants hereby elect Group I, Claims 1-8, 10 and 11, drawn to a method for altering insulin secretion comprising contacting a pancreatic islet cell expressing SGK1 with a substance that modulates SGK1. The requirement for restriction is respectfully traversed, as the Examiner notes, a complete search of Groups I, II, IV and V would be classified in class 514, sub-class 248. In such a situation where there is little, if any, additional burden upon the examiner, the inventions should be kept together in a single application. See M.P.E.P. §803. Withdrawal of the requirement for restriction is therefore respectfully requested.

No fee is believed to be due with this response, however, the Commissioner is hereby authorized to charge any fees associated with this response or credit any overpayment to Deposit Account No. 13-3402.

Respectfully submitted,
